

## A CELEBRATION OF THE LIFE OF WINSTON PENN WARDLAW '08

Winfest was launched in 2013 to grow the scholarship and honor the legacy of Win Wardlaw, a 2008 graduate of Catholic High who passed away in 2010. Since its inception, the Winston Penn Wardlaw Scholarship Fund has raised almost \$550,000 providing need-based tuition to a multitude of boys who otherwise would be unable to attend Catholic High.

After three fun and successful events, it was decided the 2017 Winfest would be the last. However, the scholarship fund continues to grow through honorariums, memorials and gifts. David Wardlaw, Win's father, said the generous support of the Catholic High community made Winfest possible.

**"Thank you to Catholic High and its amazingly generous community for supporting Winfest and Win's scholarship fund," he said. "We are also grateful for the tireless efforts of our dear friends who served on the committee and the wonderful crew of volunteers and generous sponsors. Winfest was a very meaningful way to remember Win while helping provide tuition assistance to deserving boys at Catholic High. We will find new ways to support the scholarship fund while we cherish the memories of this awesome event."**

Win Wardlaw left a legacy of leadership and activism during his time at Catholic High. His senior year, the student body elected him president, the senior class honored him as Senior of the Year, and he received the Unselfish Service Award.

Win was blessed by the many friendships he made at the school and by the impact of the teachers and staff who taught him. For Win and so many others, Catholic High is a brotherhood that helps prepare boys to become men of integrity.

***Thanks to his parents, Susie and David, and the Catholic High community for making Winfest an unforgettable celebration.***
